

The Title V Program is located in the NH Department of Health & Human Services within the Division of Public Health Services. Administration of the MCH Block Grant is assigned jointly to the Maternal and Child Section (MCH) for services to women, infants, and children, and to the Special Medical Services Section (SMS) for children with special health care needs. The Title V program provides direct, enabling, population-based, and infrastructure-building services in the following major areas: maternal and child health, children with special health care needs, family planning, adolescent health, home visiting, health and safety in child care, injury prevention, and newborn metabolic and hearing screening. SMS is also responsible for managing the Catastrophic Illness Program for adults with specific chronic diseases.

MATERNAL & CHILD HEALTH (MCH) MEASURES

Title V - MCH National Performance Measures	State 2004 Results	State 2009 Goal
The percent of newborns who are screened and confirmed with condition(s) mandated by their State-sponsored newborn screening programs (e.g. phenylketonuria and hemoglobinopathies) who receive appropriate follow up as defined by their State.	100.0%	90%
The percent of children with special health care needs age 0 to 18 who receive coordinated, ongoing, comprehensive care within a medical home. (CSHCN Survey)	55.5%	57.9%
Percent of children with special health care needs age 0 to 18 whose families report the community-based service systems are organized so they can use them easily. (CSHCN Survey)	78.4%	80.4%
